BACKGROUND

Founded in the late 1970s to fill the need for an offshore cruising yacht the Norseman 447 is considered to be the 'Masterpiece' of Robert Perry's famed yacht designs. Built strong to handle the toughest of conditions with higher performance, a comfortable well-appointed interior and quality joinery, it's no wonder these cruisers on everyone's top 20 list. The Ta Shing Norseman 447s have stood the test of time and are considered to be one of the best choices for bluewater cruising.

Shakti's owners travelled from Australia to Trinidad to find their dream yacht. Together they have cruised extensively from the Carribean, across the Pacific and north to Asia over the past 10 years.

From 2013 - 2016 the yacht underwent significant upgrades. The teak decks were replaced along with new engine, rigging, chain plates, stanchions, and a very sturdy multi-purpose stainless steel davits with solar panel arch. The yacht's hull was fully treated with Awlgripdeck and the deck and topsides were re-painted.

Shakti is fully equipped for offshore cruising with upgraded main and headsail, and a vast list of useful cruising gear including inflatable rib, near new outboard, Echo 2 water maker and 240v washing machine.

The whole interior flows perfectly with two cabins, fore and aft, a spacious main saloon and comprehensive navigation station.

A 75hp turbo diesel Volvo powers the yacht with 3-blade Max prop. Access to the engine is superb. Davits and pushpin mounted solar panels and wind generator provide sufficient energy required for extended periods at sea. Shakti is also fitted with 240v and 110v inverters with dual socket fittings throughout the interior.

The uniquely shaped centre cockpit is inviting and functional with a custom nav pod housing navigation equipment and table. Shakti is fitted with upgraded equipment including Raymarine plotter, Radar, AIS, HR and VHF radios and Simrad autopilot.

On Deck

The Norseman 447 is a stylish cutter rigged yacht with sleek lines emphasising length and stability. With a low cabin profile and very secure centre cockpit she is powerful, swift and easy to sail in all conditions.

UNDER SAIL

With roller furling headsail, inner forestay and powerful primary winches, she performs well in a range of sea conditions. A lead ballast is located in the bottom of the wide fin keel increasing her stability while the rudder on a large skeg makes the helm light and extremely well balanced. She is easily managed by a couple with inner forestay and running backstays for heavier weather sailing, and an asymmetric spinnaker for the down-winder days.

COCKPIT LAYOUT

The large, curved centre cockpit is fully canvassed for all-weather protection and great for enjoying a relaxed social gathering, or comfortable when on passage. Steering and navigation controls are fitted on a neat navpod with Raymarine multi-function chart plotter, foldaway varnished table and drink holders. The beautiful teak aft deck is fitted with deep lockers, with room for outboards, BBQ and life-saving equipment. This is complimented by a very practical swim platform, deck shower and a solid s/s dinghy davits.

HIGHLIGHTS & FEATURES

- Volvo 75hp turbo engine - New 2013
- Teak decks - 2016
- Life lines & Stanchions - 2016
- Solar x 580w with 240v and 110v inverters
- Raymarine colour chart plotter - 2016
- Simrad autopilot with linear drive ram - 2019
- Radar / AIS / HF / VHF x 2
- Watermaker (40lph) - 2013
- AB hypalon RIB with 9.8hp outboard - 2018
- Plastimo transocean Liferaft (4-pax)
- Washing machine 240v
- Inner forestay / running backstays (optional)
- Rocna 30kg anchor with 10mm x 100m chain
- Stainless Steel Davits - 2013
- Full canvas dodger/bimini (with side panels)
- Extended transom swim platform with s/s ladder
- New Genoa 2019 / New Main 2016
- Antifoul & Polish - Jan 2023

Interior

Stepping below Shakti feels instantly homely with warm colours and natural flowing style. The saloon's newly upholstered cream settees contrast the lush timber giving a luxurious feel. Natural light flows through overhead hatches and via deck prisms which light up the navigation station and passage ways.

The timber work and cabinetry throughout is perfect with an abundance of space to shower, dress, cook, entertain and dine without crouching or stepping on anyone's toes. A wide passage way aft provides excellent access to the engine room.

ACCOMODATION

With cabins fore and aft, the Mastersuite offers exquisite living space with king-sized bed, elegant cabinetry and mirrored dressing table. Air and light flow through the cabin so one can sleep soundly or enjoy a movie in complete privacy. A well-appointed ensuite provides walk-through access to a curtained shower stall.

The (guest) cabin in the bow offers privacy from the saloon. The (main) head lies to port and contains a small washing machine and electric flushing toilet. Both cabins are fitted with 12v fans, reading lights, with plenty of storage in tasteful hanging lockers and drawers.

THE GALLEY

The well equipped U-shaped galley is practical, secure and very workable with separate fridge and freezer, a 2-burner gimbaled stove and microwave. Fresh and filtered water is available ad lib thanks to a water maker and it is possible to store provisions for up to 3 months at sea in the numerous cabinets and drawers.

NAVIGATION

The navigation station and chart table lie to stbd with plush leather swivelling armchair. There are 2 x VHF radios and a HF with pactor modem. The principal chart plotter is fitted with Radar and AIS in the cockpit with provision for a laptop at the chart table. A Simrad autopilot control is also fitted in the cockpit.

She could be YOURS ...

The Norseman 447 is considered to be one of the best built world cruisers and 'Shakti' is an exceptional example.

With a smart interior layout designed for comfortable cruising with enormous aft cabin and living quarters, Shakti welcomes those aboard with a warm, rich interior glow. Having undergone an extensive re-fit between 2013-2016 there is little to be done before taking to the oceans.

Shakti would be best suited to those who appreciate quality yacht design, construction and sailing performance. She makes an ideal family cruising yacht and would be a great option for a live aboard couple or small family.

She has just been antifouled and is ready to sail anywhere with new owners. She would be an ideal choice if you are planning to take to the oceans for extended live aboard cruising either in Australia or farther offshore.
